

ANTH 103 Flashcard App

An interactive study tool for Introduction to Archaeology · Summer 2026 · Online

What is it?

A free, browser-based flashcard app built from course readings (Kelly & Thomas, Archaeology, 7th ed.). No account, no app to install — just open a link and start studying. Cards are added module by module throughout the 8-week semester.

Features at a glance

Module selector	Pick one module, several, or all — great for finals review.
Flip cards	Tap or click any card to reveal the definition.
Know it / Still learning	Mark each card so you can track what you've mastered.
Progress bar	Fills green as you work through the deck.
Topic filters	Drill into specific categories within any session.
Dark mode	Automatically matches your device's light/dark setting.

How to use it
